Solo Seat Mounting Kits

These mounting kits are just what you need to take the hassle out of mounting solo seats to the models noted. Kits include the brackets, frame covers, hardware etc. as shown in the corresponding pictures. Some kits may require the additional purchase of seat springs, which are featured elsewhere in this section of the Handbook, and a variety of styles/lengths are available.

696740 Solo Seat Mounting Kit; Softails 07-09 (except deuce model)

632490 Solo Seat Mounting Kit; Softails 00-06 (except deuce model)

632491 Solo Seat Mounting Kit; Softails 84-99 (except deuce model)

632492 Solo Seat Mounting Kit; Sportsters 04-06 & 10-15

632493 Solo Seat Mounting Kit; Sportsters 86-03

Biltwell Slimline Seat

Nice and narrow with a substantial kick in the back, this seat is perfect for a small chop. The pan is stamped from heavy gauge high-tensile steel and features ribs and indents for added rigidity and stiffness. The stainless steel carriage bolts slide in the slotted holes on the bottom of the pan to match almost any mounting boss width. The entire seat pan is black electroplated for beauty and weatherproofing.

Streamline Internal Throttle

The internal throttle was standard issue on Harley production bikes in the past. Certain problems were always associated with these types of throttle controls, the biggest being a stuck throttle cable causing serious safety concerns. Austin engineered an internal throttle control that has revolutionized the technology and was even approved by the DOT. The secret lies in a series of bearings that help guide the mechanism and provide a smooth action and great "Snap Back". There is no welding, drilling, or tapping. The installer will need some simple tools like a hack saw and a file etc. (You must cut the handle bar as with all internal throttles).

Narrow Sporty Frisco Gas Tank by Lowbrow

The Narrow Frisco Sporty Tank is the amalgamation of steel and chopper style with undertones of a MoCo heritage. This custom gas tank holds approximately 2.5 gallons and will give your bike style for miles.

- One-piece stamped 16-gauge steel top and bottom
- TIG welded tank seams and mounting tabs
- Lathe-turned, hand-brazed threaded steel cap bung
- Vented alloy gas cap included
- Hand-brazed fuel bung accepts 22mm threaded petcocks

642430 Narrow Sporty Frisco Gas Tank 2.5 gallon, includes vented cap

Custom Mini Gas Cap Kit

The gas cap is CNC-Machined from billet aluminum with a knurled edge with a satin/raw finish (gas cap has an O.D. of 1.75"). Kit comes complete with gas cap and steel weld-in bung.

Chrome Oil Tanks for Sportster Models

Great looking parts that add a bright splash of chrome to the right side of Sportster models. Accurate reproductions of the Original Equipment parts, they replace the stock black units perfectly. The ideal complement for our chrome ignition module and battery covers.

12588 Fits Sportster models from 83-93 (repl. OEM 62475-83)

688557 Fits Sportster models from 97-03
